Web Dev (Front End), ICT, and Graphic Designer

Address: 192 C. Dones Street. San Antonio, Cavite city
Email: reyslazaro0231@gmail.com
Contact Number: 0963 - 203 - 9322

PROFESSIONAL SUMMARY

Detail-oriented and motivated Bachelor of Science in Information Technology graduate from Cavite State University – Cavite City Campus. Successfully defended a capstone project and completed On-the-Job Training with hands-on experience in web-based system development, IT support, network troubleshooting, and technical documentation. Strong in problem-solving and teamwork, and eager to contribute to an entry-level IT role while continuing to grow professionally.

WORK EXPERIENCE

IT Intern (On-the-Job Training), Department of Education – Schools Division Office of Cavite City

- Helped design, develop, test, and implement a web-based system that supported the office's digital transformation efforts.
- Validated system functionality and documented technical processes and deployment guides.
- Performed routine monitoring and preventive maintenance on the network infrastructure to keep internet and network services reliable.
- Troubleshoot and resolved hardware, software, and network issues, reducing downtime.
- Gave technical assistance to employees, which improved user productivity through faster issue resolution.
- Worked closely with the team on daily IT operations in a professional setting.

PROJECTS

- **PDS System (Personal Database System)**
- A system for storing, organizing, and managing personal data records in one secure, searchable database, so information is easier to update and retrieve.
- **Web-Based Point of Sales and Inventory System – Quscina Restaurant, Kawit, Cavite (Capstone Project)**
- A web-based system that handles sales transactions and tracks inventory for the restaurant. It replaces manual record-keeping with faster order processing, real-time stock monitoring, and organized sales records.
